A large force of men are still at work on the bridge at Red Deer, and will remain at work throughout the winter.—Alex Free Press.

The officers of the Salvation Army wish to announce that a series of special revival meetings will take place, commencing, Monday, Nov. 21st and continued until Friday Nov. 25th It is expected the different ministers of the city will be present and a hearty invitation to all church members and anyone who is interested in God's cause to attend. Each night there will be a different speaker and all meetings commence at 8 o'clock. Wednesday night, after the usual meeting there will be a half night of prayer, beginning at 10 o'clock. On Sunday evening, Nov. 27th, an enrollment of soldiers will take place. The officers would like as many as can to attend these meetings.

FARMERS' INSTITUTE MEETING

A Farmers' Institute meeting will be held in the City Hall on Friday afternoon of next week, Nov. 25th, commencing at 2 o'clock. Addresses on important agricultural subjects will be given and it is expected that an instructive and interesting time will be spent. Every farmer in the community is urged to attend.

THE ROYAL WELSH LADIES' CHOIR

"An incident never to be forgotten by the Royal Welsh Ladies' Choir, nor by the Governor of New York, was the appearance of the Choir at the executive mansion on Tuesday September 8th.

"Some of the leading men and women of New York had been invited to the concert. The Governor and the excellent audience were charmed. The Governor himself being first and loudest in the applause.

"The Choir gave such an excellent program that the Governor, at the close, said he was proud of his Welsh blood, and thanked the promoters for bringing such an excellent Choir to his country and especially to the executive mansion. The concert was the greatest treat of his life."—Wellsville (O.) Union. This excellent Musical company will be at Angus Hall on Tuesday evening, of next week, Nov. 22nd.

METHODIST CHURCH NOTES

The social hour held on Thursday night was enjoyed very much. About 125 persons were present. The speaker of the evening, Mr. H. A. Craig, of the Provincial Government gave a very instructive address on "Wheat" He was introduced to the audience by Mayor Montgomery. Rev. McGougan and Holman offered felicitous remarks. A duet by Mr. and Mrs. Duell and a chorus by the choir were all well received. Cake and coffee were also [illegible]tion.

Next Sunday, the pastor will preach at both services. The subject of the morning sermon will be "Jesus' Teaching About Salvation."

The adult bible class is arranging a big banquet to be held in the church on Friday evening, November 25th at 6.30 o'clock. At this banquet steps will be taken to formally organize the class, so that it may become affiliated with the great Organized Adult Bible Class Movement. This is one of the greatest movements of the day in Sunday school work, and the Baptist Bible Class purpose having part in it. An attractive program will be presented in addition to the first class banquet which will be spread. The price of tickets is 50 cents, and they may be obtained at the Model Bakery or at Walker's Drug Store.

Municipal Government By Commission.

Will Wetaskiwin Adopt a Similar System?

The time has arrived when the people of Wetaskiwin should consider the matter of having the municipal affairs of the city conducted by a commission, who would be salaried men, and who would be paid for the large amount of time, which it is necessary to devote to the conduction of civic matters. It cannot be expected that a business man will, in many instances, spend the best part of the day away from their avocation, attending committees, or looking after some department of the city's development. At the end of his term of office he does not receive a "thank you" for his efforts, but on the other hand is frequently censured for his best efforts. For the information of our readers who might wish to give this matter serious thought, we reproduce the paper read by A. T. Stephenson, of Red Deer on Municipal Government by Commission at the Municipal Convention held in Wetaskiwin a few days ago, which gives a general idea of how the commission system is operated in the south town.

"All intelligent men who have had municipal experience under the old system must realize the necessity for radical changes and the adoption of more businesslike methods in city and town government. The system in general use is proving more unsatisfactory year by year; municipalities are more and more operating and controlling their public utilities, and the success attained, even under the handicap of antiquated systems of government proves that with improved methods the measure of such success will be much greater. We see today, even cities operating their own electric light plants under the control of a committee of the council, whose members constantly change from year to year; the superintendent, presumably a practical man, who, and who only, knows the business, under their direction and control.

Defects of the Present System

Perhaps the worst feature of the present [illegible] is careless financing, owing largely to their being little continuity of policy and to the transacting of the business of the council through committees. A mayor is selected annually, frequently a man with little or no previous municipal experience; usually some or many of th council are under the same handicap The council meets at the beginning of the year and strikes committees to manage finance, public works, etc. The auditors' report for the previous year, which, unfortunately, does not usually give a clear idea of the financial position of the town without careful study, is perhaps read; it is seldom analyzed, and more seldom understood by the majority of the council. It is then filed away. Estimates are prepared for the year, the only permanent official, the secretary-treasurer, who should know what is required, is seldom being consulted, and each committee gets as much money to spend as possible, regardless of necessity or expediency. The spending of the money is in the hands of the committee, and generally the chairman has not time to supervise the work done and to see that there is no waste or that the appropriation is not exceeded. The end of the year comes and it is found that some committees having spent more money than was provided, there is a deficit for the next council to make up. The new members perhaps feel that they are not responsible for this and pass it on. I have in mind a town where this went on until there was a deficit of $9,000 and the town had to go to the Legislature to get authority to issue debentures for that amount, to clear it up.

The System at Red Deer

Red Deer developed a few men, particularly ex-mayor H. H. Gaetz, who realized that revolution was necessary and to him we are indebted for the present successful system.

In 1906 power was obtained from the government to appoint commissioners, and in 1907 the system of government by commission was established. The mayor and secretary treasurer were appointed commissioners, the former at a salary of $50 per month and the latter at a salary of $100 per month, which covered his duties as secretary as well. Committees were appointed, as usual, in 1907, 1908, but as their work was now done by the commissioners, none have been appointed since, and at present the council acts as a legislative body only, and the commissioners as the executive.

Duties of the Commissioners

The duties of the commissioners are as follows:

To carry out all resolutions, orders and by-laws of the town, unless otherwise specially provided for.

To [illegible] for the assessment and [illegible] the town taxes, licenses water and other rates of the town.

To have the care, management, control and direction (except at fires) of the fire department, and the apparatus belonging thereto;

To have the care, management, control and direction of the waterworks sewers, and all other municipal institutions acquired, created, installed or operated by the town,

To have the care, management, control and direction of all town property, works, improvement, roads, streets, lanes, bridges, crossings, side walks, culverts, parks and all property owned or controlled by the city, or over which it has jurisdiction;

To have the care, management, control and direction of the police force;

To submit in each year, as soon as practicable after the election of the council, after having received general instructions from the council of what plan or policy in matters generally, should be considered for the year—Their recommendations and estimates of expenditure—showing separately that for ordinary expenditure and that under proposed by-laws—and the council shall consider same and vote the necessary funds for such expenditures as they decide shall be made;

To submit such supplementary recommendations and estimates as may be rendered necessary;

To exercise all the executive powers and perform all the executive duties exercised by the old standing committees;

To present to the council on or before the last meeting in November, a general report of the state of affairs of the town during the year, the expenditures made and suggestions for succeeding councillors or commissioners;

To examine the report upon all contracts and accounts referred to them, all annual estimates and expenditures all proposals for the purchase of debentures, and generally to examine the report upon all matters connected with the finances of the town, and to have the supervision of the books of account, documents and vouchers and all moneys, debentures and securities in the secretary-treasurer's, auditor's, collector's and assessor's offices, and to see that all duties and services which ought to be performed by them are fully carried out;

To have supervision over the town engineering, and over all matters connected with the construction, repairing and improvement of the streets bridges, crossings, sidewalks, lanes sewers, water mains, drains and any encroachments or obstructions of the same, not otherwise provided for, and of the planting and preservation of trees, shrubs, etc., in streets and public places;

To have charge and control of the public market and health, the market square, weigh scales, and of all buildings and erection connected with the market, and to have charge of the anitary condition of the town; and ake all arrangements and issue such orders for the improvement of the town as may be approved by the council.

To consider and report all matters connected with the establishment of re limits, the inspection of buildings ith reference thereto, and the prosecution of offenders against such regulations [illegible] enacted, or against any by-laws;

To expend in a proper and judicious anner all appropriations made by he council for the relief of the poor r infirm;

To exercise a general supervision ver all questions in connection with he present or prospective railways, r the establishment of new industries n or adjacent to the town, and to ake any steps deemed advisable for he encouragement of such;

To have control of all firemen, laborers, teamsters, and other workmen n connection with any department, ith power to hire or discharge them;

To cause all orders of supplies and aterial to be made out in duplicate,

The commissioners shall not have owers to expend any money not authorized by the council, or appropriated or the purpose.

The Work of the Commission.

The commissioners meet each morning to transact business and oftener necessary. The chief of police, foreman of works, market clerk and park nd cemetery foreman are required to le each morning at the office, daily eports of their departments, showing ork done the previous day, men employed on each job, wages paid, supplies received, and other matter of importance. These reports are filed in binders. They are with recommendations for future work. A daily record is kept of the business transacted by the commissioners.

The commissioners report to the council at each regular meeting — twice a month—on all business done by them, with recommendations for future work and monthly, report fully or the receipts and expenditures in each department, stating the amount of the appropriations unexpected. These reports are placed in the hands of each councillor and of newspaper reporters generally the day before the meeting, and if anything of importance is to be recommended at least two days before. These reports are published by the newspapers, so that ratepayers are always fully informed as to what has been done and what is proposed.

Results of System

A few years ago Red Deer was one of many towns in Canada with no distinctive features more than having beautiful townsite, and a situation promising future development. Today it enjoys the reputation of being the best governed town in Canada, while its financial position is enviable. Better men now offer themselves as candidates for the council. Sidewalks are built on all the streets of the

SUFFERED FOR YEARS WITH STOMACH TROUBLE

"Fruit-a-tives" Promptly Cured Him

DANIEL SAUNDERS, Esq.

Mr. Daniel Saunders, of Shoal Lake, Manitoba, is one of the best known gentlemen in Canada's great wheat country. He lived for years in the West—made a success of his farming—and has now retired from active business life to enjoy the fruits of his work.

When a man of such financial and social standing voluntarily testifies to the great benefits he has received from taking "Fruit-a-tives" there can be no doubt but that "Fruit-a-tives" deserves the confidence of every reader of this paper.

SHOAL LAKE, MAN., JUNE 11th, 1910.

"For years, I was bothered with persistent Dyspepsia and Indigestion, having severe pains after meal time. I tried everything that I could get but the pain in my stomach became no better.

Last summer, Mr. Oatway, a druggist of my town, recommended "Fruit-a-tives" to me. While taking "Fruit-a-tives", I in no way gave up any foods that I was in the habit of eating, neither did I stop smoking. Yet in spite of all, "Fruit-a-tives" has done wonders for me and I strongly advise all my friends to use it."

DANIEL SAUNDERS.

"Fruit-a-tives" is the only medicine in the world made of pure fruit juices, and will always cure Indigestion, Dyspepsia, Sour Stomach, Biliousness, Constipation and any other disease that comes from disordered Stomach, Bowels, Kidneys or Skin. 50c. a box, 6 for $2.50, trial size, 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

Thomas A. Edison
did another wonderful thing

when, having brought his Phonograph to a point where not even the most critical could ask for improvement, he multiplied its entertaining ability by two.

He did this by producing a Phonograph Record that plays, sings or talks twice as long as the Standard Edison Records.

He did this without increasing the size of the Record, making it a Record that can be used on old instruments as well as new.

He did it without affecting in any way the clear, rich, musical tones for which Edison Records have always been famous.

He calls this double-length Record "Amberol."

WETASKIWIN'S "RED LIGHT" DISTRICT REMOVED

On Friday last an officer of the law raided the house at the western end of the city and arrested the keeper and inmates, who were arraigned before H. Roberts, J.P. on Saturday, Mrs. Clarke, an inmate was fined $35 and costs, and Louise Shannon, the keeper, was fined a similar amount, and in addition was asked to contribute $75.00 on the charge of selling liquor without a license The fines with costs amounted to $186. In addition to the fine they were given forty-eight hours to get out of the city, and failing to comply with this order, they were informed they would spend six months in Fort Saskatchewan. They took their departure on Wednesday.

Had the arrests been made by the city police, the amount of the fine would go to the coffers of the city, but as it is, the provincial police having made the arrests, the money goes to the government.

Wetaskiwin is now freed from the so-called houses of ill fame.

ILLUSTRATED TRAVEL TALK ON CALIFORNIA

The Dreamland Theatre was filled on Wednesday evening of this week to hear the illustrated Travel Talk by Fred W. Prince, of California. The lecturer takes the audience with him on a trip from Alberta to Southern California via the Crows' Nest Pass Railway and the Columbia River. Mr. Prince is a very pleasing speaker and gave a most interesting and instructive address on the beauties of San Jose, Santa Barbara, Los Angeles, and the many other beauty spots where the mountains glisten against the summer sky, and the fragrance of orange blossoms fill the air and flowers and roses are blooming everywhere The lecture is illustrated by several thousand feet of moving picture film.

CONSTIPATION

CURED BY THE USE OF
MILBURN'S
LAXA-LIVER PILLS

Constipation is one of the most frequent, and at the same time, one of the most serious of the minor ailments to which mankind is subject, and should never be allowed to continue.

A free motion of the bowels daily should be the rule with every one who aspires to perfect health.

Mrs. Fred. Hall, 299 Hibernia Road, Montreal, Que., writes:—"Having been troubled for years with constipation and trying everything I knew of, a friend advised me to use Milburn's Laxa-Liver Pills. I used four and a half vials and I am completely cured. I can gladly recommend them to all who suffer from constipation.

Milburn's Laxa-Liver Pills are 25 cents per vial, or 5 vials for $1.00, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

IN MEMORIAM

(A tribute to the memory of our dearly beloved father, J. H. Walker, sr., from his absent daughters.)

NOT CHANGED BUT GLORIFIED

Not changed but glorified! Oh beauteous language
For those who weep,
Mourning the loss of some dear face departed
Fallen to sleep.
Hushed into silence, never more to comfort
The hearts of men.
Gone like the sunshine of another country
Beyond our ken.
O dearest dead, we saw thy white soul shining
Behind thy face,
Bright with the beauty and celestial glory
Of an immortal grace.
What wonder that we stumble faint and weeping
And sick with fears,
Since thou hast left us—all alone with sorrow
And blind with tears!
Can it be possible no words shall welcome
Our coming feet!
How will it look the face that we have cherished
When next we meet?
Will it be changed, so glorified and saintly
That we shall know it not?
Will there be nothing that will say "I love thee
And I have not forgot!"
O faithless heart, the same loved face transfigured
Shall meet thee there,
Less sad, less wistful, in immortal beauty
Divinely fair,
The mortal veil washed pure with many weepings
Is rent away,
And the great soul that sat within its prison
Hath found the day.
In the clear morning of that other country,
In Paradise,
With the same face that we have loved and cherished
He shall arise!
Let us be patient, we who mourn with weeping
Some vanished face,
The Lord has taken but to add more beauty
And a diviner grace.
And we shall find once more, beyond earth's sorrows
Beyond these skies,
In the fair city of the sure foundations,
Those heavenly eyes.
With the same welcome shining through their sweetness
That met us here.
Eyes from whose beauty God has banished weeping
And wiped away the tear,
Think of us, dearest one, while o'er life's waters
We seek the land,
Missing thy voice, the touch and the true helping
Of thy dear hand,
Till through the storm and tempest safely anchored,
Just on the other side,
We find thy dear face looking through death's shadows
Not changed but glorified,

—Contributed.

Explorers who have been engaged by the Department of the Interior report that out of 21,000,000 acres explored in the northern part of Saskatchewan and Alberta, 10,000,000 acres are available for settlement, once access is secured. The district is north of the surveyed area and bounded by Green Lake, Beaver River and the connecting water to Portage la Loche, thence down the Clearwater River to the Athabasca River, and up the latter to the northern limit of the surveyed area. It is stated that the climatic conditions offer no obstacle to farming and agricultural experiments have always been successful.

THE INTERNATIONAL PRISON CONGRESS

Supt. R. B Chadwick, who represented the province of Alberta at the recent International Prison Congress, held in Washington, D.C., states that all past experience confirms prison workers in eliminating as far as possible the vindictive idea from punishment and educating the mortally weak or vicious to a comprehension of a square deal and to the point of useful citizenship.

"Probation has proved a most powerful factor in the moral reform of adults for too often a man errs more in judgment than in intent and the sound advice and kindly help of a probation officer not infrequently is all he needs to steady him on his feet. In the case of children from ninety to ninety-seven per cent respond at once to probation treatment. [illegible] delegate surprised the congress by reporting that mild sentences in special institutions, correction of physical defects, probation under supervision, removal from bad home surroundings, industrial schools with trade and education department are among the good things that his country is utilizing in the correction and reformation of children."

"The work done by the children of France compares favorably with that done in any other part of the world. France places a delinquent child in the custody of friends or relatives during the time it is awaiting trial. The court claims the right of decision as to whether or not a child is capable of discretion and bases its finding on that opinion. In appointing judges to take the cases of juvenile delinquents, they are chosen from among the men of the bench, who have s[illegible] qualifications for child w[illegible] All delinquent children under twelve are provided security and s[illegible] through a corps of probation officers and a complete system of reportin[illegible] A competent individual in[illegible] the home conditions and surroundin[illegible] of all children dealt with by the co[illegible] as essential to gain the true bearin[illegible] and in order to meet the truest needs of the child."

"The unanimous verdict of the congress was in favor of prevent. Prevention not only retains the earning capacity of the individual and his good citizenship as an asset of the state but saves the heavy expense of his incarceration. Prevention is vigilant in diverting into the channels of useful activity the enery which crime would otherwise dissipate. It is safe to forecast that the reform work of the future will follow along these lines. By devoting more thought, effort, time and money to the care and education of children the state is the gainer not only by the fruitful returns of worthy lives but by the enhanced progress of the nation."

The Department of Neglected Children, Edmonton, invites correspondence from all persons interested in redeeming child life, protecting neglected children and providing homes for the homeless.

The true philosophy of contentment is said to consist in reducing one's wants to a point below one's income. Nowadays it might be well to become a pedestrian, [illegible] vegetarian an [illegible]cate of outdoor sleeping, an enemy of high temperature in the home and a confirmed wearer of last summer's clothes during the bracing winter months.

"There is no better dairying country in Canada than that lying along the C.P.R. line between Calgary and Edmonton," said J. A. Ruddick, dairy and cold storage commissioner of the Department of Agriculture of the federal government. "Butter out here is splendid and cannot be excelled anywhere."

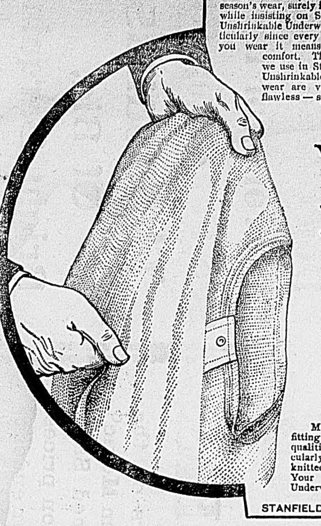
If it offers you an extra season's wear, surely it's worth while insisting on Stanfield's Unshrinkable Underwear! Particularly since every moment you wear it means perfect comfort. The yarns we use in Stanfield's Unshrinkable Underwear are virtually flawless — spun so carefully that not a yard escapes our spinners' critical eyes. Then, patented, ingenious machines knit these fine yarns into a wonderfully elastic fabric that yields gently to the slightest movement of your body yet stubbornly resists wear. Every stitch in the knitting is locked—so ravelling is impossible.

Yielding, Elastic; yet Strong to Wear.



STANFIELD'S Unshrinkable UNDERWEAR

Made both for women and for men in perfectly fitting sizes. Twenty-one different weights and qualities:—from warm, heavy ribbed garments particularly suitable for outdoor workers to the soft, finely knitted underwear so soothing to sensitive skins. BITTERN LAKE

We neglected last week to refer to the social which was held in the Battle Lake school house on Friday evening, the 4th, inst., which was an unqualified success. There was a large crowd in attendance, and the lengthy program was well rendered in every particular. About thirty baskets were sold, one going as high as $5.00, and a large number were sold with lunches in addition. The net receipts were $63.75, which paid the final payment on the organ, and left a nice purse, which was presented to the minister. About eight months ago a $110 organ was purchased, which is now entirely paid for, which is a good evidence that money is not a scarce commodity in the Battle Lake district.

FIFTH ANNIVERSARY NUMBER

This November number begins the sixth year for Canadian Home Journal of Toronto, which it celebrates by greatly enlarging the magazine. We compliment the publishers upon the strength of purpose that has maintained such high quality in workmanship and contents while success was yet to be proved.

It is no slight undertaking to build up a Canadian magazine in opposition to the many foreign publications that have been long established here. To secure the best class readers a very high standard of excellence must be reached and maintained at whatever cost.

The Journal is strong not only in the departments of women's special interests, but in dealing with general subjects it is thorough and helpful. A good example are the articles on home building, planning and decorating in this number. They are evidently planned by authorities on the subject and are not only artistic but practical, giving suggestions on furniture, hangings, mouldings, and wall paper that will harmonize.

WELL KNOWN ACTRESS

Joan Sawyer, a clever, handsome actress, has this to say of Parisian Sage:

"To whom it may concern: Have tried most every hair tonic available, and at last Parisian Sage was recommended to me, and as a last resource used it to my entire satisfaction. My hair has stopped falling, dandruff stopped, and my hair has grown two inches in the last seven months. It is the best and only sure cure for thin and short hair I know."—Joan Sawyer, 59 East 96th St., New York City.

Parisian Sage is the scientific hair restorer that has created such a sensation since its introduction into America about two months ago. It is such a quick-acting prescription that every agent who sells it will guarantee it to cure dandruff, stop falling hair, splitting hair, and itching scalp in two weeks, or money back.

It is the most delightful hair dressing in the world, and is highly praised by society women and actresses who have luxuriant and glorious hair. It will turn harsh, lusterless hair into soft, silky and luxuriant hair in a few days. Do not confound Parisian Sage with other preparations of similar name. The girl with the auburn hair is on every package.

The Red Cross Drug Store is the agent for Parisian Sage, in Wetaskiwin and he sells it for 50 cents a large bottle. Mail orders filled at same price, charges prepaid, by the Canadian makers, Giroux Mfg. Co., Fort Erie, Ont.

Remember

WE HAVE NO LONG COLD WINTER IN THE OKANAGAN VALLEY. Intensive farming pays better there than extensive farming does on the prairies. A larger net profit can be realized from 10 acres in the Okanagan than from 320 acres on the prairies. Live in out of the rain, the sleet and the snow, away from the cold winter winds that blow over the prairies, east of the Rockies.

Come to the VALLEY where life is worth living,
Come to the California of Canada.
The work is easy, clean, edifying, and of short hours.
Fruit growing the most profitable and delightful occupation on earth.
There is only one crop of land in the Okanagan Valley. It is going fast. NOW IS THE TIME TO BUY. Get in on the ground floor. Buy before prices are higher. DON'T DELAY. Now is your opportunity. Be honest with yourself, WRITE AT ONCE for PROSPECTUSES, MAPS, PRICE LISTS, etc., to the Hitchner Bros., they will call on you and talk it over.

A MODERN MIRACLE

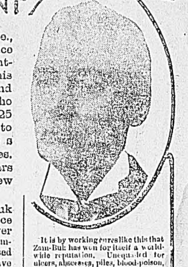
FACTS

1. He had Eczema for 25 years.
2. His hands were so bad he had to wear gloves day and night.
3. Doctors said he could never be cured.
4. For 25 years he tried for cure in vain.
5. Then he tried ZAM-BUK.
6. ZAM-BUK cured him.
7. TO-DAY, three years after his cure, he says: "I AM STILL CURED—there has been no return."

SHOWS HOW ZAM-BUK CURES ARE PERMANENT

Mr. T. M. Marsh of 101 Delorimier Ave., Montreal, has had this wonderful experience of Zam-Buk. Mr. Marsh has lived in Montreal for over 30 years, many of them at his present address. He is well known and is willing to satisfy any enquirer as to the genuineness of his cure. He suffered 25 years from eczema in the hands and had to wear gloves day and night, the itching was so terrible when the air got to the sores. Doctors said there was no cure. Three years ago Zam-Buk cured him. Interviewed a few weeks ago he said:—

"From the day I was cured by Zam-Buk to the present moment I have had no trace of the eczema and feel sure it will never return. When I think of the marvellous cure Zam-Buk worked in my case I am more and more impressed by the value of this great household balm. I have had letters of enquiry from all over Canada, and am glad to personally corroborate the published facts of my cure."



It is by working cures like this that Zam-Buk has won for itself a world-wide reputation. Unequalled for ulcers, abscesses, piles, blood-poison, inflamed sores, cold cracks, chapped hands, babies' eruptions, varicose ulcers, burns, cuts, etc. All druggists and stores at 50c box, or Zam-Buk Co., Toronto, for price.

ALBERTA LEGISLATURE IS FORMALLY OPENED

Edmonton, Nov. 10.—The second session of the second legislature of Alberta opened this afternoon by his honor Lieutenant-Governor Bulyea.

The speech from the throne was as follows:

Mr. Speaker and gentlemen of the legislative assembly:—

By gracious favor of His Majesty, King George, by and with the advise of the Governor-general of Canada in council, I again have the honor to invite you to give me your best assistance in the work of the legislation in this second session of the second legislature of the province of Alberta. Since prorogation of the first session of your assembly the whole world has beheld with sympathy and the members of the body politic of the British Empire with profound feeling the spectacle of universal mourning presented by the funeral of our late beloved monarch, King Edward. For his successor, King George, we in common with all his subjects pray he may enjoy a long and happy reign.

In this province dependent for proprietory to so great extent on agricultural operations. the subject of outstanding importance is the result of the year's harvest. Now that a comprehensive view can be taken of the results, I can say with confidence that though there has been some suffering as a consequence of the extraordinary dry weather which prevailed for some time, yet the effect of this is considerably exagerated and the result has been to show that where farming methods have been employed they have received their reward in every part of the province. Premiums that have been awarded to exhibits of the department of agriculture at various congresses both in the United States and Canada besides those taken by private exhibitors of agricultural products and live stock have been very gratifying to me in common with you all and have done much to assist the efforts which now are being made systematically by my government to direct into the province the tide of immigrants of most approved character. Marked success has attended their efforts.

In receiving with profound regret the resignation of the first executive council of this province, I summoned Hon. Arthur Lewis Sifton to assume the premiership. On accepting he was sworn as president of the council, minister of public works and provincial secretary, and I completed my government by the selecting of the Charles H. Mitchell as attorney-general and minister of education. Hon. Archibald McLean, as provincial secretary, and Hon. Duncan Marshall, a member of the late administration, as minister of agriculture. The task of directing the executive of my government and preparing the necessary measures of legislation has been committed to these gentlemen. Two important bills to be presented by them dealing with administrative, educational and other questions, as well as to a large number of private bills, which will be presented to you. I would ask your closest attention.

I have the honor to inform you that there has been presented to me by the royal commission appointed by accordance with the terms of a resolution of your house to inquire whether any and if any, which officer or officers of government or member or members of legislature were or are interested in connection with the creating of the Alberta and Great Waterways company and guaranteeing of its bonds. This report will be laid on the table for your information and consideration. Public accounts and estimates will be laid before you at an early date.

I am sure that under the direction of Almighty God your deliberations on these and other matters will be for the welfare of the province directed as they must be by the sense of your supreme responsibility.

After the address from the throne Premier Sifton tabled the report of the royal commission of the A.&G.W. House then adjourned until Monday.

SENTENCES PASSED AT RED DEER COURT

Red Deer, Nov. 12.—Chief Justice Harvey, Saturday morning sentenced Clark Woods, convicted of manslaughter, to ten years in the Edmonton penitentiary. The judge remarked that on account of the prisoner's youth he would be lenient with him; that there was no doubt but what he had intended to hurt Murray severely and punishment must follow. In the penitentiary he would have a chance to learn a useful trade, and as he would be a young man when discharged, he should be a better man for the experience.

Chief Justice Harvey also handed out the following sentences for the criminal cases tried at this session: A. L. Greenburg, robbery, five years; Byron Winters, robbery, five years; Henry Norwest, two charges of forgery and uttering, two years on each charge to run concurrently; W. Conbear, theft, two years; R. Murphy charged with stealing a stove, was acquitted, as also was W. Perk, accused of horse stealing. Monaghan and Nelson, two of the lads accused of theft from a store at Pine Lake, got three years each, while Larzwell and Hodgkinson were released on suspended sentence as they have homes in the vicinity by furnishing a bond of $1,000 for their good conduct. George Thompson received two years for obtaining goods from R. C. Orumpton under false pretences.

(From The Sun)

Ed. Spoklie has disposed of his interest in the butcher shop, to Mr Olesberg, and the firm will be known as Olesberg & Son.

Mrs. L. H. Kirkpatrick returned Friday night from the East, where she was called on account of the sudden death of her mother.

The Bawlf Brass Band, the Modern Woodmen and the Yeoman Lodges have secured the east half of the Sun office for a meeting place for six months.

H. F. Elliott, Presbyterian pastor, in company with R. McIlveen, were thrown from their rig while returning from East Lynne on Sunday evening about 10.30. Mr. McIlveen was driving the team which became frightened and started to run, when the pastor grabbed the reins and at that moment the horses jumped to one side, McIlveen hung to the lines and was throwing both the occupants out. Mr became so bruised and stunned that he was compelled to let go. The horses, which were R. H. Anderson's livery team, came to town on a swift run and ran with the rig between the livery barn and the Bawlf Hardware. D. A. Fraser who happened to hear the noise gave the alarm and a rescue party at once set out to hunt for the occupants of the rig, who were found about a mile from town attempting to walk home in the storm and darkness. Mr. Elliott received no injuries, but it was found necessary to dress some severe gashes in Mr. McIlveen's head and face.

NATURE TELLS YOU

As Many a Wetaskiwin Reader Knows Too Well

When the kidneys are sick—
Nature tell you all about it.
The urine is nature's calendar,
Infrequent or too frequent action.
Any urinary troubles tells of kidney ills.

Wm. Austin, Fairboard, Canadian Northern Railroad, Sudbury, Ont. says For 17 years I was troubled with my kidneys and bladder being out of order. I had to make water two or three times every hour which caused fearful scalding. I thought nothing would cure me. I tried several things in England and Canada, then give it up for a bad job. Last April I was in Parry Sound, working in the car department of the C. N. O. R. R. and saw Booth's Kidney Pills advertised in a leading paper left in one of the coaches. I tried them and the very first box I took lessened the pain in my back and I continued their use with marvellous results. The second box took all the pain away and I was able to sleep well at night. Still the urine was troubling me with scalding. I could tell the pills were doing me good and I kept on with the third fourth and fifth boxes, which brought a complete and marvellous cure, and I am now in better health than I have been for the last twenty-six years. For sale in Wetaskiwin at the Red Cross Drug Store.

A BAD COLD

Developed Into

BRONCHITIS.

Neglected Bronchitis is very often the direct cause of Consumption, and on the first symptom appearing Dr. Wood's Norway Pine Syrup should be used and the Bronchitis cured.

The symptoms are, tightness across the chest, sharp pains and a difficulty in breathing, a secretion of thick phlegm, at first white, and later of a greenish or yellowish color, coming from the bronchial tubes when coughing, especially the first thing in the morning.

Mrs. Dan. J. McCormack, Cleveland, N.S., writes: "My little boy two years old caught a bad cold which developed into Bronchitis. He was so choked up he could hardly breathe. Reading about your wonderful medicine, Dr. Wood's Norway Pine Syrup, I decided to try a bottle and with such good result I got another which completely cured him, without having a doctor. I cannot say too much in its praise; I would not be without it in the house as I consider it a sure cure for Colds and Bronchitis."

The price of "Dr. Wood's" Norway Pine Syrup is 25c. It is put up in a yellow wrapper. Three pine trees is the trade mark. Be sure and accept no substitute for Dr. Wood's.

A FREE TRIP to the Old Country

Open to all Readers of The Wetaskiwin Times

The Family Herald and Weekly Star, of Montreal, is going to send three or more of their readers to the Old Country next June at the time of the Coronation, with all expenses paid from any part of Canada and a liberal allowance for spending money.

We have completed arrangements with the Family Herald publishers by which our readers can enter the competition for this prize trip and it will certainly be a trip to be remembered.

Here Are The Conditions

The issue of the Family Herald and Weekly Star of September 15th. 1910, had 656,370 readers based on an average of five readers to each paid subscription.

How many readers will the issue of MARCH 15th, 1911, on the same basis, have?

We offer The Times and The Family Herald and Weekly Star for one year at $1.75 and every person accepting this offer has the right to make an estimate and the Family Herald and Weekly Star will send the first three of its readers who make the correct or nearest to correct estimate to England with all expenses paid from any part of Canada and a liberal allowance for spendingmoney.

Estimate coupons can be had at this office, which must be filled in and accompany your subscription to the two papers.

The Family Herald and Weekly Star of Montreal, is the Greatest Family and Farm Paper on this Continent, and can safely be depended upon to carry out this unique competition impartially. We hope to see some of our readers win the trip. Send your subscriptions in now.

Concrete Fence Posts Like These

are sightly, strong, permanent.

Concrete is, in many localities, cheaper than wood, for fence posts, and more durable than stone, brick or iron. Our book,

"What The Farmer Can Do With Concrete" is sent FREE.

It tells how to make, not only fence posts, but walks, curbs, horse blocks, barn foundations, feeding floors, well curbs, drinking troughs, silos, dairies, and many other farm utilities where cleanliness, strength and durability are required.

Many of these things are simple and inexpensive to make, and may easily be put together in your spare time. The book carefully and simply tells all. The regular price of the book is 50c. We are distributing free a limited number, however, and charging up the cost to advertising. That's why you get *your* copy *free*, if you sign the coupon and send it to-day. *Do it now.*

The Cyclone at Thibaudeau's

ONCE again old Father Time has forced the hands of the yearly clock around to the closing hours of another year, and once a again Thibaudeau's have come to the front, and with a push and a dash have arranged the biggest sale ever attempted in these parts. The seasonableness of the sale is one of its big features. Most merchants wait until the end of a season before attempting to cut prices, and then it is of little benefit, except to those who can afford to buy their needs for months ahead, but a sale to-day means that you can keep in your pockets a big portion of the cost of the many things you need now. **Christmas is Coming,** and the time to buy your Christmas gifts is now when the buying is so good. No stone will be left unturned to make this the most effective and desirable sale in the history of this town Just take a look down this list and see if there is anything you need, and then come in and save your dollars The Chicago Sales Company is in charge, and they certainly do things

ROBBERY CASE FROM WETASKIWIN

In referring to the Greenburg-Winters case the Red Deer Advocate says:

The Woods murder case detailed in another column was first tried and then the King v. Greenberg. The prisoner was charged with robbery of some $90 from Jefferson See, restaurant keeper, Wetaskiwin and with the escape from the custody of a police officer. See was attacked while going home late Saturday night, July th, by two men, one of whom knocked him down and took the valise containing his money, while the other mounted guard. He charged Greenberg with being the man who robbed him, and Winters was at first charged with being his companion, as the two had been loafing round Wetaskiwin together, sleeping in barns, etc.

B. Shantz, chief of police Wetaskiwin, told of arresting accused while he was in bed early Sunday morning and of certain admissions accused made while in the custody concerning the robbery. At accused's request he was taken to his home to see his mother. He talked to her in the kitchen while Shantz was in another room. When Shantz went into the kitchen Greenberg was gone. Shantz did not see accused again until he was brought to Wetaskiwin six days later by the Mounted Police.

Jefferson See told of the attack and robbery and declared that he knew the accused to be the robber, having seen him and knowing his voice, also that when he saw the accused on Sunday in custody the accused said "How much money did you lose last night, dad, and where did you find your grip?" Also "Dad I'll get the money from my father and give it back to you, if you will say nothing about it.

Douglas Winters, Greenberg's "pal" peached on him when he gave his evidence. Greenberg wanted witness to join him in the attack on See, but witness refused: prisoner told him that "you haven't got any dust." He got a wayfarer from Edmonton, prisoner subsequently told Winters, to join him in the job. Winters "lit out" with Greenberg, after Greenberg's escape because he was afraid he would be arrested also. Greenberg told witness he had knocked down old man See and taken his grip prisoner showed witness the roll of money and laughed. His comrade in the robbery he said, had skipped out for Calgary. Franz [illegible] sheltered them, and when he went to Ponoka, tried to find out if there was much talk of Greenberg's escape, but heard nothing, as he was afraid to make enquiries. Prisoner told him twice not to tell on him, and said that "Paddy Nolan is backing me, and he will back you too."

Mr. Nolan said he would show that he had nothing to do with the case at the time mentioned. He then began his cross-examination.

JAMES FAX COMING

CHILD DIED FROM BURNS

An extremly sad accident occurred in town Wednesday night in which Milred, the six-year-old daughter of Mr. and Mrs. James Willis succumbed to burns received from an overturned lamp. The accident happened about 5 o'clock as the little girl and a younger brother were playing in the bedroom before going to bed. In their frolicking the lamp was overturned and Mildred immediately tried to smother the flames with the skirt of her night dress which took fire. By this time Mr. Willis had reached the room and succeeded with the aid of the bed clothes in putting out the flames. He ran for medical assistance and Dr. Sutherland responded, It was seen that the child was badly burned about the body and after making her as comfortable as possible under the circumstances, the doctor left to return in the morning. But the shock had proven too much for the little sufferer and she passed away at about four a. m. The awful suddenness of the accident has placed a cloud of gloom over the community and needless to state, the bereaved family have the heartfelt sympathy of everybody in their affliction. —Leduc Representative.

SURVEYORS START AN ELECTRIC RAILWAY

The prospects for an electric railway from the Coalbanks on the Red Deer River through Lacombe to the celebrated Blindman Valley were never so bright as at present.

Messrs. P. Talbot, W. F. Puffler and Mayor McPherson, appointed a few weeks ago to interview Premier Sifton re the road, had an audience a week ago. As a result Engineer Jones has been sent down and has gone over the route. His report is so favorable that the projectors of the scheme have now no doubts but that this much needed line will be built in the very near future.—Lacombe Globe.

News Notes

The Times Advertising columns are scanned weekly by over five thousand readers in our district. Is this not a good medium for letting the people know what special inducements you are offering for the Christmas goods? Verily, The Times ads produce business.

Winnipeg, Nov. 13.—F. R. Gallagher, whose home is in Swan River died last night from heart failure as a result of having been kicked in a foot ball game last July at Red Deer, Alberta. He has been confined ever since and death was no surprise to his friends. He was 23 years old.

Ottawa, Nov. 13.—During the first four months of the fiscal year ending July 31st, 155,549 immigrants arrived in Canada, as compared with 90,249 for the correspanding four months of 1910. American immigration jumped from 40,267 to 54,699, while immigration through ocean ports increased from 49,882 to 100,850, or an increase of one hundred and two per cent. During July alone 25,218 immigrants arrived in Canada, as against 13,113 for July 1909, an increase of 57 per cent.

It Is Miserable To Be Dyspeptic.

Dyspepsia is one of the most prevalent troubles of civilized life, and thousands suffer untold agony after every meal.

Nearly everything that enters a weak dyspeptic stomach, acts as an irritant; hence the great difficulty of effecting a cure.

The long train of distressing symptoms, which render life a burden to the victim of dyspepsia, may be promptly relieved by the use of Burdock Blood Bitters.

Mrs. John Sherrett, Fortier, Man., writes:—"I was troubled with dyspepsia for years. A friend of mine told me about Burdock Blood Bitters, so I got a bottle to try, and before I was half finished I could eat anything without suffering, and when I had used two bottles I was sound and well. Now I feel just fine; indeed I can't say too much in favor of your medicine."

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

WHO WILL THE MAYOR AND ALDERMEN BE?

The approach of the date of the municipal election is not creating as much stir as the citizens would like to see. So far practically nothing has been done in the city.

The date of the nominations is Monday, December 5th,—two weeks from Monday—and it is high time that the ratepayers were giving the matter serious consideration, and be prepared to get the best men in nomination when the time arrives.

Mayor Montgomery has held the high chair only one term, and we understand has almost decided to stand for re-election, no matter who the opponent, if any might be. He has been a faithful worker and with the installation of the waterworks and sewerage installation, has had a very difficult term.

It has been rumored that Ald. Angus was considering the Mayor's seat for the ensuing term, but Mr. Angus assured a representative of The Times that he will not be a candidate for the high office.

The Aldermen who are retiring this year are Messrs. Olin, Higgs and Wagner. We understand that the latter two will not stand for re-election, and it is expected that Ald. Olin will endeavor to retain his present seat.

The members retiring from the public school board are Messrs. F. E. Kelley, J. F. Ellis and Dr. Hoare. We understand they will all stand for re-election.

McGOUGAN-McPHERSON

A quiet wedding was solemnized in Knox church, on Wednesday afternoon by the Rev. John A. Clark, when Miss Donalda Jessie McPherson, of Calgary became the wife of Rev. Edward John McGougan, M.A., of Wetaskiwin The pretty bride, who was given away by her brother, wore her travelling suit of navy blue cloth, black Persian lamb furs, and a large black beaver hat. Mr. and Mrs. McGougan left on the three o'clock train for Wetaskiwin, where they will reside in future.—Calgary Albertan.

Rev. McGougan and bride were given a hearty welcome upon their arrival here, the members of the session and managers of the church and lady friends, had taken possession of the manse and had everything in readiness upon their arrival.

We join in extending hearty congratulations.

Mr. and Mrs. H. I. Call arrived from Toronto, on Friday last, owing to the ill health of Mrs. Call. He leaves for Toronto again the end of the week to complete the work on the Hercules Rotary Engine. It is expected that the work will be finished and that the engine will reach here before the end of the year.

On Wednesday night, a large number of people enjoyed the pleasure of viewing the eclipse of the moon, through a telescope furnished by the courtesy of Mr. Hughes, former director of the Free Press Observatory. The night was clear and the eclipse total so that it was a sight well worth seeing. Mr. Hughes has been very obliging and entertaining to those who have an interest in astronomy. Many readers remember the star maps published by the Free Press, and were glad to see first hand the planets and the beauties of the heavens.

STRIKE GAS AT WETASKIWIN

Small pockets of gas were struck by the gas drillers here and it is expected that a large flow will be encountered any time. The diamond drill is now down 200 feet and the frequency of small gas pockets, has given rise to the belief that a gigantic gas well is near at hand.

ECLIPSE PLAINLY VISIBLE

The total eclipse of the moon was plainly visible at dark Wednesday night. There were no clouds to ob. spectacle was seen at great advantage and attracted widespread attention throughout the city. This eclipse is the last of a series of four, two of the sun and two of the moon, announced for the present year. With the descent of darkness the familiar satellite and nearest celestial neighbor to the earth was seen to be obscured over practically its whole surface by a reddish haze through which its outline was dimly visible. The moon remained in the earth's shadow for the space of three hours and fourteen minutes. It entered the shadow of the earth at 4.44 p.m. and left it at 7.58 p.m., central standard time, and the total phase continued for the greater part of the hour.

Closing Days of a

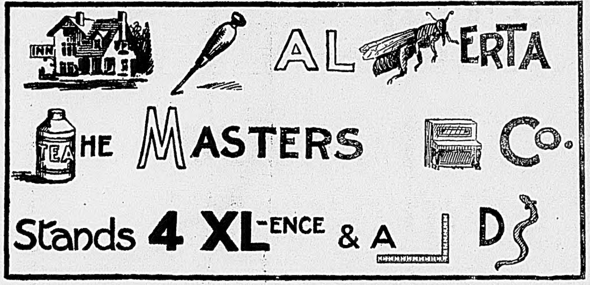
Great Piano and Organ Opportunity

At the beginning of this year we perfected a plan with our manufacturers, by which we became obliged to purchase and sell a large number of pianos and organs in twelve months. Our ambition was to do a large volume of business, to make the MASTERS PIANO CO. a household word, and to place either a piano or an organ in each new community in Western Canada. Up to the present timeour business has been greater than we anticipated, and we are stimulated to greater possibilities during the remaining days of 1910.

Our superior methods and facility for buying in large quantities, enables us to quote prices much lower than the offerings of ordinary small dealers. Realizing that the strictest business integrity is essential to success, and with a view of increasing our business to enormous proportions without the aid of travelling salesmen or the expensive method of large newspaper advertising, we have decided to give those who desire a piano or organ, who live outside of Edmonton, the benefit of a large number of due-bills, which will be issued direct to those who answer this advertisement correctly.

READ INSTRUCTIONS CAREFULLY AND SEND IN YOUR REPLY AT ONCE

$ $ $ Given Away



Answer Quick

To the first person who sends in the correct reading of the above rebus, we will issue a credit due-bill for $75.00, good to apply at face value on any new piano or organ in our immense stock. To each of the next five we will issue a due-bill for $65.00. To each of the next twenty-five we will issue a due-bill for $50.00. To each of the next fifty we will issue a due-bill for $35.00, and to each of the next seventy-five we will issue a due-bill for $25.00. These due-bills can be applied as so much paid on any new piano or organ selected from our stock.

All replies will be numbered and due-bills issued strictly in the order in which they are received. Due-bills will not be issued except to people living outside of Edmonton. To accomplish our purpose and give our rural customers the advantage, this ad. will not appear except in papers which circulate in outlying districts.

We are the largest dealers in pianos and organs in Western Canada. Our store and offices occupy nearly five thousand feet of floor space. Our stock consists of over one hundred instruments picked from the world's best makers, all marked in plain figures and sold at one price to all. In pianos we handle the New Art Bell, Masters, Lochner, Schumann, Backman and other standard makes. In organs we handle the Bell only.

We will send catalogue and ful descriptions, and make careful selection for those who cannot visit the store in person, and guarantee the utmost satisfaction in every case. Our large list of customers will testify to the reliability of every statement made in this advertisement.

Regarding The Masters Piano

We have had over thirty years of practical experience in the piano business. All these years we have been studying the methods of piano construction, and have our own ideas embodied in this piano, for the double purpose of producing an instrument to satisfy the critical and artistic ideas of the musician, and withstand the severe changes of climate characteristic of this country and also build a reputation for this house.

Our ambition has been rewarded by the production of a piano second to none. From the musician's standpoint, the scale is exceptionally even and well balanced, producing a rich, mellow, resonant tone, while the touch is light and elastic. These qualities, coupled with the solidity of construction, and artistic case design embodies all that can be desired in a STRICTLY HIGH-GRADE INSTRUMENT.

WE ARE PROUD OF THE PIANO THAT BEARS OUR NAME, and unhesitatingly guarantee it for a term of TEN YEARS. Easy payments can be arranged on the balance of those who desire.

BE SURE AND WRITE YOUR NAME AND ADDRESS PLAINLY, and mail your reply without delay.

town. These are kept clear of snow in winter at the town's expense. Streets are lighted with electric lights are well graded, kept free from rubbish, and sprinkled in summer and fall. Parks are laid out and maintained. One near the C. P. R. station with a fountain and flower beds, and another near the Red Deer River is now being laid out. The cemetery has been cleaned up, walks and drives built, grass sown and the lawns kept trimmed. Graves are attended to by the town at a nominal sum. Water mains and sewers are laid, accommodating nearly every part of the town, and fire protection is furnished every building. Sewer connections are put into houses by the town for cost, the amount payable by the owner in five annual instalments.

A modern plumbing by-law is strictly enforced, providing for the inspection of all plumbing installed.

Health rules are enforced as a result of which there were, during 1909, only 10 cases of measles, 1 of chicken-pox, and two of typhoid, the latter both contracted outside of town.

A $50,000 hospital is maintained, also a high school. At present steps are about concluded to consolidate all country schools near town with the town school.

A whole block in the centre of the town is owned by the town, on which are erected a fire hall, market scales, town offices and police station. During 1910 a septic tank will be erected, cement sidewalks built in the business part, and some streets boulevarded.

With all this accomplishment in a town of 2,500 people, the total debenture debt of the town is only $139,463.22, or a little over $55 per capita, or deducted local improvement and waterworks debentures, a net debt of $72,609.07. Besides this at the beginning of 1910 there is a surplus on sewer construction account of $3,556.31, on waterworks construction of $1,245.97, and on general revenue from 1909, a surplus of $1,099.81. In 1909 the tax rate was only 22 mills with 5 per cent. discount for prompt payment.

This is sufficient evidence that the commission evidence has made good in Red Deer. After investigating our system High River recently adopted it and from the many inquires made by our towns in Alberta we believe that in a few years it will be generally adopted. It is in the hope that other towns will be induced to investigate our system and adopt more business-like methods of governing that this is written."

EDMONTON TO HAVE DOMINION EXHIBITION

Edmonton is to have the Dominion Fair for 1913, according to latest word received in that connection at the offices of the exhibition association. The Dominion Fair this year held at Regina.

A grant of $50,000 from the Dominion government goes with the Dominion Fair, and the dates are fixed for some months ahead, generally for the first two weeks in July.

By 1913 the directors of the Edmonton association expect to have the plans of the new grounds about completed, and be in particularly good shape to handle the Dominion fair. By that year practically all the large buildings that are still included in the plans of the new grounds will be completed and the directors will be in a position to handle from 25,000 to 50,000 people per day.

Was So Bad With Heart and Nerves Could Not Sleep At Night.

Many men and women toss night after night upon a sleepless bed. Some constitutional disturbance, worry or disease has so debilitated and irritated the heart and nervous system that they cannot enjoy the refreshing sleep which comes to those whose heart and nerves are right.

Mrs. John Gray, Lime Lake, Ont., writes:—"Last summer I was so bad with my heart and nerves that I couldn't sleep at night. There was such a pain and heavy feeling in my chest that I could not stoop, and at at times I would become dizzy and have to grasp something to keep from falling. I tried different things but never got anything to do me any good until I tried Milburn's Heart and Nerve Pills and I can now recommend them to all troubled as I was."

Milburn's Heart & Nerve Pills are 50 cents per box, or three boxes for $1.25, at all dealers, or mailed direct by The T. Milburn Co., Limited, Toronto, Ont.

SHE WAS SURPRISED

When Dr. Morse's Indian Root Pills Cured her Chronic Liver Complaint

Mrs. R. Smith, of Winnipeg, Man., tells an interesting story of relief from almost intolerable sufferings:

"I can hardly tell you how great my sufferings have been. Chronic liver complaint accompanied by biliousness was a daily source of trial to me. Every day I experienced the sickening effects of these ailments. I longed for some medicine that should permanently drive them away.

Hearing of Dr. Morse's Indian Root Pills, I thought they were worthy of a trial. My surprise was indeed great. From the very first I experienced relief. Continuing with them I found my trouble were slowly but surely leaving me, and before long I once more knew what it was to be free from the harassing effects of the ailments that had long sickened and weakened me. So great is my faith in Dr. Morse's Indian Pills that I shall never on any account be without them."

Dr. Morse's Indian Root Pills cure Bowel and Kidney as well as Liver troubles, and keep you healthy. 25c a box at your dealer's. 14

HOW IT IS DONE

It is really wonderful how the Editors of the Family Herald and Weekly Star can go on week after week issuing twenty-eight and thirty-two pages of eight big columns each and always find something new and interesting for their readers. Every department of that great paper is edited by men and women of long experience, and there is not a dry department in the whole paper. Any person who is not familiar with the Family Herald should give it a trial. Those who know it would not be without it. Every subscriber for 1911 has an opportunity to win a free trip to the Old Country next June. Particulars may be had at this office.

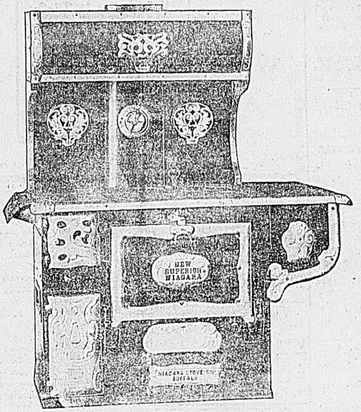
Superior Niagara Steel Ranges



NEW SUPERIOR NIAGARA, WITH RESERVOIR

With reservoir and high closet. For wood, hard or soft coal and coke. In the Superior Niagara Steel Range we have a nicely finished, moderate priced range. It is constructed so that it will give reasonable satisfaction. Although not as smoothly finished or as heavy as high-priced steel ranges, all the joints are well fitted and the entire range is made of handsome blue, polished steel. The bottom of the range has an angle iron base, thus adding greatly to its rigidity and reducing the danger of breaking in handling to a minimum. Furnished either with or without reservoir.
